(Image: Channel Ten)Both Elly and Frazer are still single and according to the nurse, she has no regrets over her time on the show. I became my worst and my saddest."Brooke insisted there was "no infidelity, no hate" behind their breakup, and said she and Darvid are "as amicable as you can be during a healing process." "I still love him dearly and have no regrets choosing him. Darvid on the 2/1 came online and publicly announced that we had parted ways," Brooke shared in a lengthy Instagram post on Thursday night. "In an ideal world I would have preferred to have a mutual agreement and/or had a say in when/how we express that to the public but instead woke to that news which obviously kinda shocked me. I just wish the world was a little bit more gentle on us in the time we had," she said. "I wish him all the very best and with support I'd really just like to move past this and hope that we become the best versions of ourselves this year." Brooke said she and Darvid are "as amicable as you can be during a healing process."

(Instagram)Darvid first went public with the break up just after New Year's Eve with a lengthy post on Instagram. "Starting the new year off with an end to a chapter and hopefully the beginning of another," Darvid wrote. "Unfortunately Brooke and I have parted ways. (Images: Instagram)I have been hanging out with someone fantastic and it could be the one so I guess I am just really looking forward to seeing what 2021 brings." "We are just taking things slow. My reasons for that are completely valid to me." Brooke said there was an intense amount of pressure on their relationship, but admitted "we both lost ourselves along the way." "I have a lot of respect for Darvid and what he gave up for me to be IN the relationship. He was a great guy, we have great respect for each other. "It is funny because you don't know what will come around the corner or what life will throw at you," the 30-year-old told the Daily Telegraph in a new interview. While she's not giving too much away just yet, the blonde beauty confirmed she was happy and her new fellas name is James Bevitron. Meet Becky's new man, James Bevitron. Newcastle also happens to be James' hometown. According to The Wash, the pair were "briefly dating in March" but things ended after Becky headed off to Sydney star on The Bachelorette alongside her younger sister Elly. Romantic road trip: Last week Becky was pictured kicking back in this vintage red van. Last week, the Octeine Coffee owner confirmed he had fallen "head over heels" for Rachel Evans. After being spotted getting cosy at a Christmas party the 34-year-old confirmed to the Daily Mail he and Rachel had made things "official." Sprung! James pictured next to the exact same van. "The only good thing about it is the fact that we can look back and know we had a really cool adventure together. But as we all know now, that could not have been further from the truth with both sister's relationships crumbling in spectacular style. Elly and her chosen one, Frazer Neate, who didn't seem to spend any time together after the show, announced their split just three months after the finale wrapped. While older sister Becky had to go through the humiliating ordeal of confirming her boyfriend, Pete Mann, had dumped her three days after she had given him her final rose. With double the leading ladies in sister act Elly and Becky Miles, one would think the chances of finding a success story would be increased. I just wanted to do it privately, amicably and respectfully." "This was a surprise to wake up to just as much as it was for you guys," she concluded, adding she would be "tuning out" for now. SHAREPIN read more from The Bachelorette Australia Dec 29, 2020 9:00am The 2020 season of The Bachelorette Australia will go down in the history books as the most disastrous series yet. "I just want to say right now I'm finding this really quite overwhelming and just as surprising to me as you guys," she said. "I just woke up to the news. Which I felt I carried everyday. Brooke revealed she was the one who chose to end their relationship. (Image: Instagram) As it turns out Pete had a history with the wedding planner prior to his stint on the reality TV show. We had a very real love in a very unreal situation but we equally had ALOT of pressure on us too. When I told him about this opportunity, I tried to be as honest as possible, we left on a good note." Becky previously told Woman's Day. And it's not just Becky who's putting her unsuccessful Bachelorette stint behind her with her ex Pete Mann also moving on with a former flame. (Instagram) "But Darvid had every right to make that decision, his platform, he can choose that for himself. Which is where you saw my reaction. Brooke insisted there was "no infidelity, no hate" behind their breakup. Whilst we both genuinely thought we were each other person, things change and that's okay." A few hours later, Brooke took to her own social media, revealing Darvid's post had left her blindsided and overwhelmed. I'd say it's better to rip the band aid off." "It was my choice to end the relationship and I had been thinking about it for a bit towards the end. (Instagram) "At the start of the show, I was the best version of myself and when the show ended and my sister died. The pair previously dated earlier in the year. After the show, it was such a whirlwind so I am happy getting to him." Becky first hinted at their romance last week, when she posted a photo of herself reclining on a red vintage van during a road trip from Newcastle to Parkes in NSW. We had been seeing each other only casually before the show," he revealed. "After filming concluded, we reconnected and I simply fell head over heels." "We've now met each other's families and will be spending Christmas together, including a secret little getaway." Pete broke Becky's heart three days after filming. However as the year draws to a close, Becky may be getting her happy ending after all with the reality TV star confirming she's in the early stages of an exciting new romance. Over on James' Instagram Stories, he uploaded a photo of the exact same van as Becky. While things didn't work out after the show, there were so many lovely memories that we can hold dear. Jan 14, 2022 9:12am Brooke Blurton sent shockwaves through the Bachelorette fandom earlier this month after revealing she and Darvid Garayeli had gone their separate ways. Now, the reality star, 26, has broken her silence on the seemingly-sudden break up, and revealed she was the one who chose to end their relationship. "As you're all aware, Darvid and I have gone our separate ways. It was definitely agreed to part ways. So we have no regrets. (Image: Instagram) I was casually dating someone before the show, which was for a short amount of time. "Rach and I are together now for the first time. And there were a lot of lessons learnt," Elly told the Telegraph. SHAREPIN
